

Joint Meeting

5 November 2024

Register now!

It is time to register for this year's joint DSBS/FMS meeting between the Swedish and Danish societies for biopharmaceutical/medical statistics.

We have put together an exciting program and invited a range of great speakers – so make sure not to miss it! The invited speakers are:

Corine Baayen (Ferring): Design and analysis of group sequential trials for repeated measurements when pipeline data occurs: a comparison of methods

Henrik Thomsen (Novo): Family-wise error for multiple time-to-event endpoints in a group sequential design

Anna Berglind (Novo), **Jonas Häggström** (Cytel), and **Niklas Berglind** (AZ): Simple-minded statisticians

Martin Bøg (Novo): Historical Borrowing

Daniel Jonker (Ferring): Advancing Precision Medicine with Innovative In Silico Approaches in Reproductive Medicine

Emilie Højbjerg-Frandsen (Novo): Prognostic Score Adjustment

We look forward to welcoming you to an inspiring day.

Best regards,

The organizing committee

Carl-Fredrik Burman (Carl-Fredrik.Burman@astrazeneca.com)

Jonathan Bergman (jonathan.bergman@lakemedelsverket.se)

Ketil Biering Tvermosegaard (KBTV@novonordisk.com)

Kyle Raymond (Kyle.Raymond1@ferring.com)

Mads Wessel Pedersen (MDPE@lundbeck.com)
